FIRST REVISION EXAMINATION, JANUARY - 2025

Time Allowed : 3.00 Hours]

ACCOUNTANCY

[Max. Marks : 90

PART - I

- Note: i) Answer all the questions.
ii) Choose the most appropriate answer from the given four alternatives and write the option code and the corresponding answer. 20x1=20

- Opening statement of affairs is usually prepared to find out the
 - Capital in the beginning of the year
 - Capital of the end of the year
 - Profit made during the year
 - Loss occurred during the year
- The excess of assets over liabilities is
 - Loss
 - Cash
 - Capital
 - Profit
- When capital in the beginning is ₹10,000 drawings during the year ₹6,000 profit made during the year ₹2,000 and the additional capital introduced is ₹3,000 find out the amount of capital at the end
 - ₹9,000
 - ₹11,000
 - ₹21,000
 - ₹3,000
- Balance of Receipts and payments account indicates the
 - loss incurred during the period
 - Excess of income over expenditure of the period
 - Total cash payments during the period
 - Cash and bank balance as on the date
- Income and Expenditure Account is prepared to find out
 - Profit or loss
 - Cash and bank balance
 - Surplus or deficit
 - Financial position
- Subscription due but not received for the current year is
 - An asset
 - A liability
 - An expense
 - An item to be ignored
- In the absence of a partnership deed, profit of the firm will be shared by the partners in
 - Equal ratio
 - Capital ratio
 - Both (a) and (b)
 - None of these
- When fixed capital method is adopted by a partnership firm, which of the following items will appear in capital account?
 - Additional capital introduced
 - Interest on capital
 - Interest on drawings
 - Share of profit
- Profit after interest on drawings, interest on capital and remuneration is ₹10,500. Geetha, a partner, is entitled to receive commission @ 5% on profits after charging such commission. find out commission
 - ₹50
 - ₹150
 - ₹550
 - ₹500
- The average rate of return of similar concerns is considered as
 - Average profit
 - Normal rate of return
 - Expected rate of return
 - None of these
- Identify the incorrect pair
 - Goodwill under Average Profit method - Average Profit x Number of years of Purchase
 - Goodwill under Super Profit method - Super Profit x Number of years of Purchase
 - Goodwill under Annuity method - Average Profit x Present value of Annuity factor
 - Goodwill under Weighted Average Profit method - Weighted Average Profit x Number of years of Purchase
- Book profit of 2020 is ₹ 35,000; non-recurring income included in the profit is ₹ 1,000 and abnormal loss charged in the year 2020 was ₹ 2,000, then the adjusted profit is
 - ₹ 36,000
 - ₹ 35,000
 - ₹ 38,000
 - ₹ 34,000

13. The profit or loss on revaluation of assets and liabilities is transferred to the capital account of
 - a) The old partners
 - b) The new partner
 - c) All the partners
 - d) the sacrificing partners
14. Which of the following statements is not true in relation to admission of a partner
 - (a) Generally mutual rights of the partners change
